VWAPcum = volume weighted average price at the bank day prior to the Ex-day (8 decimals are used) DIV = Dividend

New exercise and regular forward/future prices have been rounded off to two decimal places and received an "X" in the series designation. As a result of the adjustment the number of shares per contract has increased to 102, after rounding to the nearest full share. The exercise and regular forward/future prices have decreased. The rounding off of regular forward/future prices was made "trade by trade" and not on the net position. The series will also receive new ISIN-codes, which will be published in a separate exchange notice later today.
